### **Arbor Day & Earth Day Celebration**

The Bald Head Island Conservancy partners with Bald Head Island Limited and the Bald Head Association to host a special Arbor Day and Earth Day Celebration. After suffering a tremendous loss of trees from Hurricane Florence, the island continues its recovery with "The Year of the Tree."

The event features Todd Stephenson, an ISA Certified Arborist from Total Tree and Lake Care, who will deliver an educational presentation on topics such as the ecology and importance of trees to Bald Head Island, tree identification, and best practices for tree planting and care.

This free "tree training" event gives residents and home owners a chance to sign up to receive native tree seedlings, which will be planted across the island at a fall event. Bring the whole family as we will have a number of children's activities as well as a craft station. A ceremonial tree planting to observe recovery of our island from Hurricane Florence at will take place at 12:30 p.m. The ceremonial trees has been donated by Bald Head Island Limited Real Estate Sales.

For additional information, please contact Emilee Winter at the BHI Conservancy: 910-457-0089.
